

INTELLIGENCE COMMUNITY STAFF

Mac

As we discussed, here's
a copy of the page in my
memo to John dealing
with organization. I also
gave him

- your input
- the page from the SSCI
report.

He presumably had all
three when he spoke with BRT
on Sat.

STAT

7. Counterintelligence Coordination Staff

a. Mission. To coordinate all aspects of counterintelligence policy; to advise and support the DCI/DDCI on Community counterintelligence policy, programs and activities. Serve as the Community focal point for counterintelligence. To perform special services of common concern as directed by the DCI/DDCI.

b. Concept of Operations. The staff will assist as directed in the development and coordination of Community counterintelligence policy. It will prepare an annual assessment of the foreign intelligence threat and US countermeasures, based on inputs and data drawn from the Intelligence Community. The office will have no operational responsibility and will assume no coordination role assigned to a single operating agency. It will however serve as the focal point for coordination of Community CI matters and will coordinate its activities with Community organizations and elements as appropriate. It will utilize the NFIB/NFIC registry for staff records management and will operate in close association with the DCI's Security Committee. The staff will, in its first year of operation, submit for DDCI consideration a plan and proposed organization of a DCI committee together with a draft DCID on counterintelligence. The CI Coordination Staff will serve as a full-time committee staff. The Committee will draw its membership from the Intelligence Community.

c. Organization. The staff consists of six professionals and a secretary. Four of the CI staff officers will be rotational assignees representing CIA, DoD, NSA and the FBI. The fifth will perform special services of common concern.
